FLight Registration Instructions

Parent Login

Within *Online Banking*, select **FLight** from the **Additional Services** drop-down menu. For *Mobile Banking,* select the **More** option from the menu on the bottom of your phone.
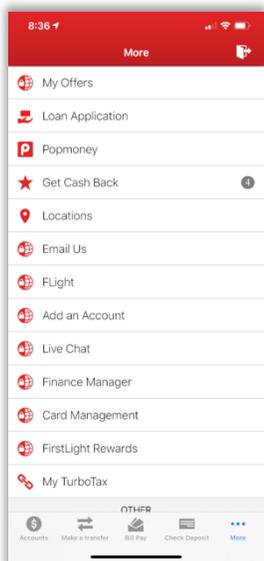

Step 1. Click **FLight** from the menu within FirstLight Federal Credit Union's mobile or online banking.
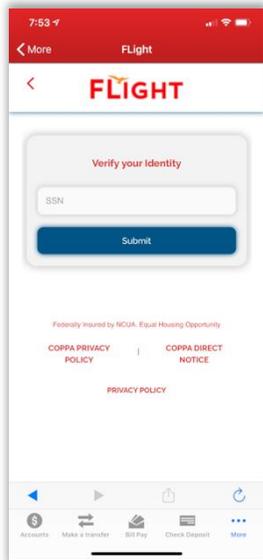

Step 2. Enter your *Social Security Number* when prompted on the Verify Identity page for account verification.
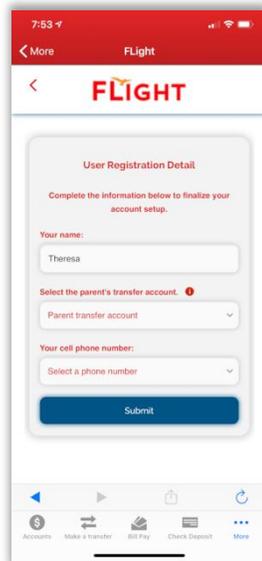

Step 3. On the **User Registration Detail page**, your name will pre-fill according to the system, select the preferred account you would like funds transferred from. You will also need to enter your valid phone number for verification purposes.
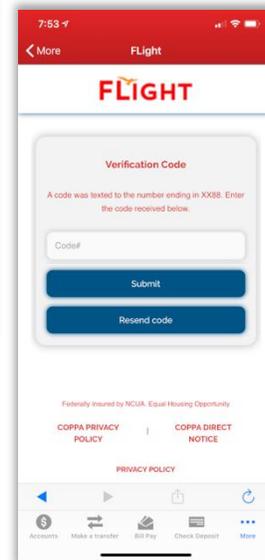

Step 4. A verification code will be sent to the cell phone number selected. Enter the number and press **Submit**.
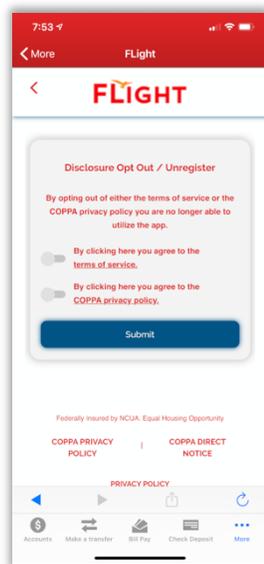

Step 5. The parent/guardian has to review and agree to the disclosures required for usage of the app by clicking **Submit**.
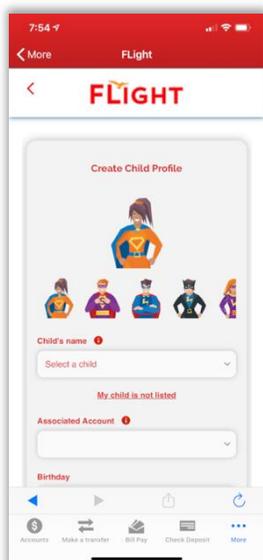

Step 6. The **Create Child Profile** Screen will show all the children that the parent/guardian holds joint accounts with. The child can't be older than 24 years of age.

For the Child contact method on the child profile screen, the parent/guardian will be asked to enter an email address or phone number for the child. Once entered, it will either send a text message or email to the child with their login information.

Step 7. After submitting the registration, you will immediately see the parent menu, and an app tutorial will launch **to help you learn**!

Child Login

Step 8. Your child will receive a text message or email with their username and password. They will need to download the app either in the Apple App Store or Google Play. Once downloaded, please enter the login information in the app as prompted and complete the password change.
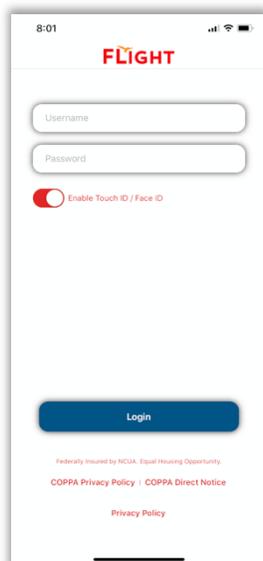

Step 9. After downloading the app, the child will enter their **username** and **password**. At that point, the child will be taken to a screen informing them to wait for the parent/guardian to review the request.

Step 10. Once the parent/guardian has responded to the text message, the child will be able to login and view their profile and take **FLIGHT!**
